MYSTERY  
OF GIRL  
DEEPENS

Lillie Johnson, Wealthy  
and Accomplished  
Was Here.

POLICE  
TOO LATE

She Slipped Away as Mys-  
teriously as She  
Came.

Dressed in the height of fashion,  
with plenty of money, Miss Lillie  
Johnson, a sixteen-year-old English  
girl of wealthy and refined family,  
who mysteriously left her parents at  
Madison, Wis., has been stopping at  
the Cameron house in this city for a  
couple of days past under the name of  
Lillian Smith.

Just as the police were about to re-  
turn her to her parents upon advices  
received from Madison, the girl paid  
her bill at the hotel and left as mys-  
teriously as she came. None of the  
authorities seems to know what train  
she took from the city and they are  
as much baffled as the parents regard-  
ing her present whereabouts.

The girl left her parents at Mad-  
ison several days ago, and since that  
time papers all over the northwest  
have printed the story of her mysteri-  
ous disappearance, and police of many  
cities have been assisting in the  
search for her.

The clue which sent the police of  
this city scurrying in search of the  
girl was furnished by a Milwaukee  
travelingman. He was reading the  
story of the girl's disappearance and  
a description of her in a local paper,  
when he remembered having seen a  
girl answering that description in the  
Cameron House lobby at La Crosse.  
He had inquired as to her identity  
and saw her registered as "Lillian  
Smith." He at once advised Chief  
Baker of Madison regarding her  
whereabouts, who informed her father  
and he in turn advised the police  
here to hold her until his arrival.

The police went to the Cameron  
House but found the fair girl had paid  
her bill and departed just a few hours  
previously.

Clerk Frank Kohn said this after-  
noon that while the girl attracted  
considerable attention about the hotel  
on account of her youth and beauty  
no one suspected she was a runaway  
until the police showed up after she  
had gone.

Chief Byrne said today that he  
knew nothing of the details of the  
case.

Horne Suit For  
\$20,000 on  
in Court

The \$20,000 personal injury suit of  
Paul E. Horne against the La Crosse  
Box company was taken up in circuit  
court yesterday afternoon and the  
following jury empanelled: John Fo-  
ley, Patrick Lawler, A. N. Jarvis, R.  
E. Benjamin, H. E. Edwards, L.  
Holm, E. H. Schaul, A. Nelson, J.  
M. Wiley, A. F. Nice, E. H. May,  
George P. Herkins.

The suit is brought to recover dam-  
ages for the loss of the right arm of  
plaintiff in defendant's factory a cou-  
ple of years ago, alleged to have been  
caused by negligence of defendant in  
not providing protection on machin-  
ery.

GIRL, HOWLING LIKE DOG,  
TERRIFIES NEIGHBORS

Until Vacant Houses Surround Home  
of Unfortunate Hulda Johnson--  
Hideous Shrieks at Night.

Howling day and night like a  
dog in distress Hulda Johnson, a  
feeble minded girl residing in the  
1400 block on Caledonia street,  
is terrifying residents of the vi-  
cinity, and a number of vacant  
houses in the neighborhood at-  
test to the fact.  
The case, which has recently  
been called to the attention of  
the authorities, is a pitiful one.  
The girl, who is 17 years old, has  
been feeble minded since birth  
and has had to be constantly  
watched and kept within bounds  
for fear something serious might  
happen. Of late her dementia  
has taken an unusually severe  
form, and long hideous howls  
like those of a dog, have startled  
passersby, and kept people in the

vicinity awake at night.  
Several families have moved  
out of the neighborhood as a re-  
sult of the hideous noises, and  
one family sold their home in  
which they had lived for years,  
and purchased a residence in an-  
other portion of the city because  
of this cause.  
It is not a case which should  
be taken to Mendota, the authori-  
ties say, but rather one for the  
home for the feeble minded at  
Chippewa Falls. Nevertheless an  
effort to get her placed in that  
institution proved unsuccessful,  
and the local authorities are now  
in a dilemma. The case will be  
taken up with the board of con-  
trol and another effort made to  
have the girl taken to the home  
at Chippewa Falls.

city be properly remunerated for

while the councilmen were in  
session and drove the body into  
the street and lynched the ring-

CLERK SIEGER TO  
LEARN ABOUT  
CENSUS

HOW MUCH TO PAY  
HIS ENUMERATORS

City Clerk J. M. Sieger leaves to-  
night for Madison, where he will con-  
sult with Secretary of State House-  
r with a view of ascertaining what re-  
muneration he should pay the state  
census enumerators who have been  
working in this city.  
Mr. Sieger says he is as much in  
the dark regarding the amount he  
should pay the enumerators as they  
are, there being nothing in the books  
of instruction sent out by the sec-  
retary of state bearing upon this sub-  
ject.

Grocers Praise  
Hospitality of  
Viroqua

Tired out but happy nearly 1,000  
grocers and butchers, families and  
friends returned to the city last night  
after a most delightful day spent at  
Viroqua, where the annual picnic of  
the La Crosse Retail Grocers' as-  
sociation was held on the Methodist  
camp grounds.

The weather was ideal for an oc-  
casion of this sort and everyone made  
the most of the opportunity to have  
a good time. Dinner was served in  
true picnic style on the grounds, after  
which games were played, various  
races pulled off and other amusements  
indulged in. A ball game between  
Stoddard and Viroqua for the cham-  
pionship of Vernon county resulted  
in a victory for the former by a score  
of 6 to 0.

Rusty Fountain

Litter

Habitués of the court house are be-  
ginning to wonder if the old court  
yard fountain, now out of use, is to  
be allowed to stand in the walk near  
Vine and Fourth streets permanently.  
They aver that the old rusty affair  
is the only blot on the landscape in  
that vicinity, and the buildings and  
grounds committee of the county  
board will be asked to have it repain-  
ed and connected again with the ar-

the spot.

GIRL  
TOOK  
POISON

Miss Madge Older All  
But Dies From Ar-  
senic Poison

LEFT HOSPI-  
TAL TODAY

Details of Affair Withheld  
---She Is Now Out  
of Danger.

After hovering between life and  
death for many hours at the Luther-  
an hospital, Miss Madge Older, the  
22-year-old daughter of S. E. Older,  
712 Cass street, was taken to her  
home this afternoon, practically out  
of danger. Her dangerous condition  
was brought about by the young girl  
taking arsenic, presumably with sui-  
cidal intent.

Details of the affair are lacking and  
little can be learned of the cause of  
the girl's action.  
It is understood that the poison was  
taken a couple of nights ago but that  
her condition was discovered and she  
was hurried to the hospital in time to  
save her life.  
Miss Older is prominent in society  
circles and the affair has caused a  
profound sensation.

"UNCLE GEORGE" IS  
ON HIS EAR  
OVER PASS

"Uncle George," the father of base-  
ball in La Crosse is sore. He is  
stung to the quick. In the 80's Un-  
cle George donated suits to the base-  
ball club and now in his reclining  
years, when one of "the boys" of his  
old team advances to the presidency  
of the La Crosse league, he forgets  
all his kindness, says Uncle George,  
and turns him down.  
The cause of the grief of the old  
fan is explained in the following let-  
ter which was sent to President John  
A. Elliott of the La Crosse league as-  
sociation today:  
La Crosse, July 20, 1905.  
John A. Elliott, Esq., President La  
Crosse League Club:  
Dear Sir: I have a photograph of  
the members of "The Fat Men's Club"  
that took the Cake October 1, 1886.  
You are one of the members of this  
"club," and you are in the photograph.  
This is a photograph of the thirteen  
members of the "club," taken in their  
base ball uniforms. I bought and paid  
for the uniforms of these 13 baseball  
men, making a present to each one  
of the uniform he wore, and you se-  
lected the uniforms. You were glad  
in 1886 to have me back the "club."  
You were glad then to wear the uni-  
form I paid for. Today you are pres-  
ident of the La Crosse League club,  
which plays this afternoon with  
Green Bay, and you refuse me a pass  
to the game. I paid for the first base-  
ball uniform you ever wore, and made  
you a present of it, and now you re-  
fuse Uncle George a pass. What do  
you think of yourself for treating Un-  
cle George that way?  
Yours respectfully,  
GEO. ATKINSON.

# THIS MAN BELIEVES HE IS THE MESSIAH AND DUE TO ARRIVE

## IOWA NEWSPAPER MAN HAS A REAL "PIPE" ON HIS OWN IDENTITY

Sure to be "Beloved Disciple"—A "Flying Roller."

Sioux City, Ia., July 20.—Awaiting the final revelation which is to stamp him as the Messiah or one of the saints, George L. Hunt, a Sioux City newspaper man, pursues his way in all meekness, ignoring the scorn of his former companions, who sneer at his long hair and flowing beard. For three years this young man has been living as much apart from the world as his duties would permit. About him has been a decided air of mystery, but those conversing with him cannot detect the faintest sign of lack of mental balance.

May Be a "Flying Roller."

As far as it has been revealed to him Hunt says he knows he is to be one of the leaders, if not, in fact, the leader of a movement which will unite the Jews and Gentiles in faith, and colonize them at some Old World point, possibly near London, or maybe in

Palestine. From the young man's talk one is convinced that he is one of the "Flying Rollers" at whose head Saint Benjamin now presides, at Benton Harbor, Mich. The main difference between their beliefs is stated by Hunt, who says:

One Mistake of "Brother Benjamin."

"Brother Benjamin is in error when he says that husband and wife shall separate when they enter the community, and that their children shall become the children of the community. I have been shown unmistakably by revelation that the marriage bonds are sacred. However, Israel is to marry among her own people only." "Israel," as Hunt explains, is to be composed of the reconciled Jews and Gentiles who adopt the new faith. They are typified by the "Hundred and forty-four thousand" spoken of in Revelations, although this number is but a multiple of the vast multitude to be recognized as the elect on the last great day.

LAST CYCLE OF TIME AT HAND

Hunt Hopes To Be the Messiah, but May Be St. John.

The last cycle of time is at hand and the announcement of the beginning of the millennium with the appearance of

the Messiah may come at any time. Hunt is 29 years old and points out that Christ when on earth was not revealed as the Savior before he was 30. He has been convinced that many of the saints are already on earth. John the Baptist is said to be a minister in Denver, while Stephen the Martyr runs a small shop on lower State street, Chicago. Although leaning to the belief that he will himself be chosen as the Messiah, Hunt feels confident that he will be removed no farther from the first place than was St. John, mentioned in the Scriptures as "that disciple whom Jesus loved."

All these exalted views seem strange and almost uncanny to Sioux City people, among whom George Hunt has grown from babyhood to manhood. His old-time friends look askance at him as he moves about speaking to no one, unless first saluted. The young man is editor of a weekly paper known as The Stylus, which his father, the late Gibson Hunt, started fifteen years ago. The young man's mother and sister do most of the outside work. "Gib" Hunt, father of George, was, when he died last spring, the oldest newspaper man in Iowa, an old soldier, a keen writer and well known in publishing circles.

The sister, associated with him in the newspaper work, is Mrs. Kittle James, who is the author of a poem which she calls "Glints." Charles Hunt, a brother, is one of the editors of the Duluth News-Tribune. Professor Harry H. Hunt, a brother, is a leading dancing master of this city, and another brother, Fred Hunt, is a senior at Beloit college, Beloit, Wis., of which George is a graduate. After leaving college young Hunt was a reporter on both The Tribune and Journal, of this city, and was considered capable.

## BABY SCALDED ALMOST TO DEATH IN BOILING MILK

Daughter of Mr. and Mrs. Kerum-deep, Syrians, Meets With Strange Accident on the North Side.

The one-year-old daughter of Mr. and Mrs. Karum Deep, Syrians, residing on Mill street, all but lost her life as the result of falling into a pail of hot milk this morning.

Her mother had boiled the milk for some purpose and left it standing on the floor. The baby rolled off the chair on which it was lying and fell

onto the pail of hot milk with one arm entirely immersed. The infant's limbs prevented it falling entirely into the pail.

The frantic mother hastened with the child to Dr. Swarthout's office, where the scalded arm was dressed. While the burns are serious the infant will recover from its injuries, although the arm may be badly scarred.

## YOUNG GIRL DIES OF DYPHTHERIA THIS MORNING

The death of Marion Grace Wilbur, daughter of Mr. and Mrs. Orin D. Wilbur of 902 Avon street, occurred this morning at 6 o'clock, after an illness of only three days.

Death resulted from diphtheria and membranous croup. Doctors Swarthout and McArthur were called and did all they possibly could to save her life but without avail.

As the house is under quarantine

and their son Phillip aged 7 is ill with diphtheria there will be no services at the house and the funeral will be held this evening and interment will be made at the north side cemetery where services will be held. William Dwyer is in charge.

# TWO ATTEMPTED ASSASSINATIONS IN RUSSIA FAIL

## BOMB FOR VICE-GOVERNOR EXPLODES AND INJURES VICTIMS

### Nihilist Tries to Kill Pobiedonostseff but Is Seized Quickly

St. Petersburg, July 20.—It is reported that an attempt on the life of Constantine Petrovitch Pobiedonostseff, chief procurator of the holy synod, as he was alighting from a train, was frustrated by the prompt seizure of the would-be assassin.

Helsingfors, Finland, July 20.—Two hours after Karl Leonard Hohenthal had been sentenced to imprisonment for life at hard labor for the assassination of Procurator General Solaslon, on Feb. 9 last, an attempt was made to assassinate Vice Governor Deutch as he was leaving the senate. The vice governor had walked across the square when suddenly, as he neared the police master's office, a man on the curb threw a bomb from a distance of fifty paces. The bomb fell short, but the vice governor was blown off his feet by the force of the explosion, which shattered the windows in the neighborhood for a distance of hundreds of yards.

**Bomb Thrower Gets Away.**  
Vice Governor Deutch was hastily assisted to the police station. He was burned and otherwise injured about the legs and head profusely, but his wounds are declared not to be fatal. The bomb thrower was pursued by naval cadets, but escaped.

**Russians Pitch Shells at Kamimura.**  
Tokio, July 20.—Vice Admiral Kamimura reports that his flotilla of torpedo destroyers was shelled by the Russians at Yukiwan, the attacking force numbering about 200. The flotilla replied and silenced the Russians, after which cavalry was discovered retiring and was shelled. The flotilla

also discovered a Russian cavalry patrol at Sunshin and turned its fire upon them. The cruiser Chihaya shelled the Russian guard and signal men posted on a hill north of Geka in the western extremity of Iashinpao in northeastern Korea.

**Russians Expected to Surrender.**  
Tokio, July 20.—It is believed that the topographical nature of the district beyond Mauka on the island of Sakhalin, where the Russians are making a stand after their defeat at Barline, forbids their retreat further north. Shortness of ammunition may soon compel them to surrender.

### Young Duke On Throne

Gotha, Duchy of Saxe-Coburg and Gotha, July 20.—Duke Charles Edward of Saxe-Coburg and Gotha has assumed the reins of government on attaining his majority. His state entry into the capital was the occasion of much ceremonial. The new occupant of the ducal throne was received at the railroad station with military honors and proceeded to the castle of Friedenstein, where he met his mother, the Duchess of Albany.

The formal ceremony of taking the oath of installation occurred in the throne room in the presence of representatives of Emperor William, King Edward and other rulers, the cabinet ministers and a brilliant assemblage of officials and deputations from various parts of the duchy.

#### Insurance Company Fined.

Nashville, Tenn., July 20.—A dispatch from Little Rock, Ark., says the Hartford Fire Insurance company will pay the state of Arkansas \$10,400 penalties for operating in violation of the anti-trust law declared constitutional by the supreme court. Under the maximum penalty the company would have forfeited \$500,000, but an agreement had been reached to confess judgment at \$200 a day from May 23 to the time the opinion of the court was handed down.

## BULGARIANS ON WAR PATH

Belgrade, July 20.—Bulgarians of Macedonia are engaged in a war of extermination on the Serbian residents of that distracted country. Savage bands have attacked numerous villages, besides ravaging scores of farms and terrible scenes of carnage are reported in the vicious lights that have occurred.

The Servians, though brave and hardy, have in few instances been able to offer any effective resistance to their enemies, as the latter in nearly every case made a surprise attack in superior force. The Servians have been mercilessly slaughtered, a few at a time, until now reports say that so far this summer nearly 500 of them have been killed, while hundreds of others have escaped to the mountains with severe wounds.

Among those slain are said to have been twenty-three priests and thirty-two teachers. The Bulgarians have paid especial attention to killing Servian priests and teachers because these two classes have been inveterate foes of the Bulgarians and most active in keeping alive the fires of hatred between the two peoples.

## MOTHER'S MONEY FOR SON'S DEFENSE GONE

Richmond, Ind., July 20.—Five hundred dollars, which Mrs. Knapp had raised through hard effort, for the defense of her son, John Knapp, who is awaiting trial here for murder, was lost in the wreck of the Commercial bank at Hagerstown. Knapp stands accused of murdering Lennie Geisler, marshal of Hagerstown. He is now in jail here, and his mother has directed her energies toward procuring enough money to employ attorneys.

Mrs. Knapp finally collected \$500 among relatives and placed the money in the Commercial bank with John Bowman, the cashier, who killed himself after looting the bank. The money is gone and Mrs. Knapp is perhaps the most wretched and despairing of the 800 depositors who lost their savings in the institution.

## Gets \$16,000 Judge—Went Against Racine.

RACINE, Wis., July 20.—In the Racine county circuit court Judge Tarrant of Milwaukee handed down a decision in the case of John O. Jones against the city of Racine for the building of a dock adjoining the property of William H. Lathrop, now owned by William H. Pugh. It was in favor of Mr. Jones for \$12,614, which with interest will amount to nearly \$16,000. This judgment is the contract price. The judge held that the city of Racine had the power to order the work performed regardless of whether the assessments were void. Afterward Judge Tarrant heard arguments on the motion of City Attorney Walker on a stay of judgment until the city had an opportunity to reassess. The stay was granted until Oct 1, with the privilege to the city

The herd had broken out of the pasture during the night, and had strayed along the track. The loss is estimated at \$1,000.

## EMBEZZLED MONEY THEN WRECKED THE BANK

Paris, Ill., July 20.—Walter W. Juntgen, who is under indictment on a charge of blowing up the Edgar County National Bank building, has been arrested here on a federal charge of embezzlement of \$7,500 from the bank, in which he was formerly employed as bookkeeper. The warrant was issued by United States Commissioner Frank Shopp, of Paris, on complaint of District Attorney Trotman. The prosecuting witnesses are: Jas. E. Parrish, F. V. Bank, R. H. Kile, cashier, and John A. Levings.

The preliminary hearing will be held before United States Commissioner Shopp when the bank explosion mystery may be cleared up. Juntgen gave bond in the sum of \$10,000. The bond was signed by Attorney Frank T. O'Hara and Dr. Adams.

# Seven-League Boots TO RENT!

Of course the Seven-League Boots must be classed among the "NEVER-WERE-THINGS." They are on the same shelf with Carlyle's "Time-annihilating hat."

But they stood for something very real and very important--the hope of the race that, sometime, in some way, delays would cease, hamperings and shacklings of human efforts to accomplish things would grow less--that a straight road would be found on which to travel to the thing we need and want.

And so the quaint fancy of the Seven-League Boots came to be little less than a prophecy of modern want advertising. And a few lines of type furnish nowadays, a sort of magic foot-gear for the advertiser--affording him seven-league strides in the search for what he wants.

If you want what you want NOW--if time is important--if a tenant in your house is worth two prospective ones, and a cook in the kitchen is better than the promise of one next week--then it will pay you to rent, for a day or two, The LA CROSSE TRIBUNE'S

### OUR DISTINGUISHED MILITIAMEN.

This week our militiamen start for Camp Douglas. The best wishes of a proud community will attend them. It doesn't matter whether you say companies B and M or companies M and B; you are putting one of the best militia companies in the country in front, either way.

They are well drilled; on parade there are no better companies in the Wisconsin National Guard. They work conscientiously and diligently, and we cannot remember an inspection from which flattering reports did not go to headquarters.

But it is as marksmen that our companies most excel. Look at this record: From 1900 to 1904 Company M held THE NATIONAL RECORD for volley firing; M lost it in 1904 TO COMPANY B. For five years the two La Crosse companies have between them MONOPOLIZED A NATIONAL SHOOTING RECORD IN COMPETITION WITH THE ENTIRE UNITED STATES.

We know these boys, and the significance of their wonderful prowess fails to properly impress us. They are greater men in the eyes of Texans or New Yorkers than in the eyes of their people at home. Aside from this great record, the companies are well sprinkled with D. Ms., men who hold medals for individual marksmanship. Mueller, of M, holds the individual championship of the state.

These are the things that our boys have done in the past. They have worked faithfully and hard this season, and it is hoped that they will attain even greater honors at camp. Their fellow citizens here in La Crosse will watch their work with keenest interest and admiration.

### UNPOPULAR BATH HOUSE RESTRICTIONS.

Mother, May I go out to swim?  
Oh yes, my darling daughter;  
Hang your clothes on a hickory limb,  
But don't go near the water.

Alderman Gus Keller is striving to procure and establish conditions at the bath house that will as perfectly as possible safeguard bathers from drowning. Mr. Keller secured the establishment of the bath house, and naturally feels responsible in some degree for its mishaps. He doesn't want anyone to meet death through his effort to afford amusement to the public.

In pursuit of this object to eliminate danger from the bath house Alderman Keller appealed to the bath house committee; thereupon the committee caused the board of public works to issue the following order regulating the bath house:

1. All persons are requested to bathe in the cribs.
2. No persons allowed outside of boom.
3. Suits 5c per hour or fraction thereof.
4. Lockers 5c per hour or fraction thereof.
5. All persons renting suits must return same with towels to cashier or be held responsible for same.
6. No person allowed to use lockers without paying for same.
7. No person allowed to push another off boom.
8. No obscene language allowed.
9. Swimming lessons 15c per lesson, suit and locker extra.
10. Hours for bathing 9 a. m. to 9 p. m.
11. No dogs allowed.
12. Any person violating any of above rules will be debarred from future use of the baths.

It appears that these rules are rather beyond the necessity so far as the scores of experienced swimmers that patronize the bath house are concerned, and they are calculated in some measure to hamper the sport. It does not seem necessary to throw around the expert the safeguards intended and necessary only for the beginner. There are dozens of swimmers in the bath daily who are as safe in the water as on land; to coop men who could swim to Brownsville up in a little two by twice crib simply because some other fellows cannot swim seems hardly necessary.

The real secret of the trouble over at the bath house is the lack of an expert attendant. When, as bystanders say happened recently, the paid attendant of a bath house shies a cork preserver at a swimmer in distress and upon over shooting the mark calls for bystanders to plunge to the rescue instead of diving in himself, the remedy would seem to be a competent attendant rather than an order restricting the liberties of patrons whose presence in the tank is the only guarantee that beginners will not be permitted to drown without intelligent effort at rescue.

Rule 7: "No person allowed to push another off boom." This was doubtless inspired by the statement that another attendant pushed a

of stupidity by an employee, a man must not push his friend who swam from Dresbach to La Crosse off the boom.

We sympathize fully with the desire of Mr. Keller and the bath house committee to avoid accidents at the bath house, but if they are selecting their methods in accordance with advice coming from the bath house employees, they are not getting expert testimony. Mr. Keller provided a great deal of enjoyment and healthful recreation for the people of La Crosse when he fought his way through the jeers of skeptics to final victory for his bath house; a misconstruction of the conditions, we hope, will not be permitted to so clutter the place with restrictions as to detract from the full measure of enjoyment it is capable of affording.

A dispatch from Salomonic, Spain, says the common people, enraged because the council sought to give away a valuable franchise, stormed the meeting place and lynched the leading grafters. This is a sermon that might be preached here.

### GOSSIP FOR THE FANS

What, Ho, Green Bay! I say,  
Avaunt! Gadzooks, and why so pale?  
Methinks you tremble visibly—  
You tremble almost audibly—  
You shudder and you quail?

And yet, enough! 'Tis tough  
To feel the hooks as you do now.  
You know our history—  
Four straight—no mystery,  
So make your best kow-tow.

And still, good fellows, you!  
To you we'll pledge this promise true:  
If you will play your best  
We'll do the rest;  
As unto Freeport, so we'll do to you.

Of Vogt what shall we say?  
Praise fulsome? Lots of scotch?  
Nay, nay. We'll simply say of Dutch:  
"He beats the Dutch."

Since we annexed that Freeport guy  
We've got something to know by  
When it is time to call the game—  
We've got a Klock to go by.

Mayor Torrance might find on consulting  
the records that he has several "absent" marks.

It is told of Green Bay that, in the old state league, she trailed in last place until there were but twenty-four games left to play, twenty of which she needed to win; at that point she went out and bought up the entire Terre Haute team—fourteen men and a manager—and thereafter took the remaining twenty-four games straight. We are thankful to observe that Green Bay can scarcely win the pennant by taking them all in one, two, three order this time.

We are willing to have Cahill duplicate that home run.

Now, everybody get out to the games and let's make this a banner week in the matter of the attendance. The ensuing four games will probably be the best exhibition of baseball in the entire schedule.

There is a town in Illinois  
That isn't on the map.  
Flag station sort o' dump, withal—  
Fine place to take a nap.

And still poor Freeport's widely known  
For this, at any rate:  
It sent the bunch up to La Crosse  
That  
dropped  
four  
straight.

One acre sown to alfalfa and irrigated, will produce 10,000 pounds of hay.

One acre in enclosed pasture, 500 pounds.

One acre of range averages 250 pounds. Or again:

One acre of irrigated alfalfa will feed one steer 400 days.

One acre of enclosed pasture will feed one steer 20 days.

One acre of average range will feed one steer 10 days.

Or putting it in the form of sheep, it will show as follows:

160 acres of irrigated alfalfa will maintain 1600 sheep one year.

160 acres of enclosed pasture will maintain 80 sheep one year.

And 160 acres of range will maintain 40 sheep one year.

## BURLINGTON GETS VERDICT FOR 6 CENTS

### HI GODDARD WINS SUIT OVER STREAM

H. Goddard, defendant in a suit brought by the Burlington railroad for damages of \$1,277 alleged to be due on account of having to move a bridge because of Mr. Goddard changing the course of the La Crosse river, has won. The jury, which handed in its verdict to Judge Fruit at 9 o'clock last night, found for the plaintiff, but only assessed the damages at six cents.

As a judgment in this case does not carry costs unless it amounts to \$50 the verdict is a victory for Mr. Goddard, the costs of the litigation falling on the railroad company. The six cents was conceded to the railroad company by Mr. Goddard's attorneys in arguing the case to the jury.

## Family Engage in Big Row

### COMES A TIME.

When Coffee Shows What It Has Been Doing.

"Of late years coffee has disagreed with me," writes a matron from Rome, N. Y., "it's lightest punishment was to make me 'logy' and dizzy, and it seemed to thicken up my blood."

"The heaviest was when it upset my stomach completely, destroying my appetite and making me nervous and irritable, and sent me to my bed. After one of these attacks, in which I nearly lost my life, I concluded to quit and try Postum Food Coffee."

"It went right to the spot! I found it not only a most palatable and refreshing beverage, but a food as well."

All my ailments, the 'loginess' and dizziness, the unsatisfactory condition of my blood, my nervousness and irritability disappeared in short order and my sorely afflicted stomach began quickly to recover. I began to rebuild and have steadily continued until now. Have a good appetite and am rejoicing in sound health, which I owe to the use of Postum Food Coffee." ## BIJOU CLOSES SUMMER SEASON SUNDAY.

### IMPROVEMENTS MAY BE MADE HERE

The popular Bijou vaudeville theatre closes its summer season this week and owing to the warm weather and plans for improvements throughout the circuit by the Amalgamated theatre company, will remain dark until September 1st.

Since its inauguration here nearly a year ago the Bijou has enjoyed marked success. Under the management of W. F. Gallagher, the present manager, who succeeded Manager Siegfried the improvement at the theatre, both in quality of shows and in general popularity has been tremendous.

The theatre is one of the neatest little playhouses in the northwest and it will be with pleasant anticipation that the many patrons of the house will await the opening of the fall season in September.

The Amalgamated Theatre company, owners, are now building a handsome new \$35,000 theatre at Duluth, also a similar one at Winnipeg. These houses will be opened September 1st and meanwhile considerable work is necessary in arranging the new and up to date bookings, all of which will show at La Crosse, which is on the direct circuit. While the class of vaudeville presented here has been first class, a much better show will be put on at the opening of the fall season.

Manager Gallagher will remain here during the summer and it is probable that the theatre will be the scene of many amateur productions during the summer months as it is understood several local organizations, church societies, etc., have made application for the rental of the house for several evenings during the summer months. The Bijou's central location and excellent equipment will make it an ideal auditorium for local entertainments.

A petition for national legislation to prohibit cigarette smoking received a number of signers at the First Presbyterian church last night. The circulation of the petition followed a lecture by Rev. O. R. Miller of Washington, D. C., who spoke on "Good Tidings from the National Capital."

Dr. Miller's theme was on the great moral victories in congress in the last 25 years along the line of temperance, Sabbath observance, the enactment of stricter divorce laws, and opposition to polygamy, gambling and opium evils.

Much of this good work has been accomplished through the influence of the National Temperance society, which he represents.

In addition to this list of fifty entries there are twelve others who will be paired if they arrive, making the biggest list of entries ever received for a Wisconsin golf tournament, and the most representative.

The representation of the Lake Shore club of South Milwaukee marks the entry of that new club into the state association, this being the first time it has ever appeared in a golf event against representatives of another club.

There was some exciting golf in practice rounds yesterday, and a half dozen visitors were able to show the colonel how to make a score. Vose of Milwaukee was one of the men to drive the ball around the 3,100 yards in less than forty-two, scoring 41.

One of the features of yesterday's play was a contest between Hamilton Vose and L. W. Nieman of Milwaukee in their match for the Milwaukee Country club president's cup. The two agreed to play their match on the local course, instead of the home links, and Vose was the winner, 2 up and 1 to play. This places Mr. Vose in the finals for the cup.

## MANY PEARLS FOUND BY CLAMMERS

Many valuable pearls are now being found by the clam diggers at work on the Mississippi river. Several valuable finds have been made in this vicinity in the past few weeks but it seems that even more important finds have been made below here.

A dispatch from North McGregor, Iowa, says:

The past week has been the most successful one in the history of pearl fishing here. First Andrew Elsworth, near Yellow River, fished out a perfect one of fine lustre weighing twenty grains. Then Will Budde followed suit with a fourteen grain

beauty. Next in line came Joseph Bower with a pink turtle back weighing twenty-six grains and lastly a man by the name of Gallagher opened a bivalve to find a lustrous pearl of one hundred and thirty-three grains and said by experts to be the finest ever brought to light from the Mississippi. The Elsworth pearl brought were purchased by pearl buyer Mr. Young, of Brodhead, Wis. \$500 and the Budde \$200, and both The Gallagher and Bower pearls have not been sold as yet but the former is thought to be worth in the neighborhood of \$1,000.

# CENSUS ENUMERATORS CAN'T GIVE OUT FACTS

## No More Census Returns Are to be Published Until Lists Are Inspected by State.

Attorney General Sturdevant has advised the city and county officials to require all the local census enumerators, whom the attorney general holds are subject to the secretary of state's decision in this matter, to hold in confidence all statistics and information gained in the process of taking the state census until such time as the reports are complete in the hands

of the secretary of state and he is assured of their correctness. Some of the local enumerators had given the matter out for premature publication before the matter was known to be correct and before errors could be corrected, and it is to avoid such occurrences in the future that the opinion of the attorney general was obtained.

## GIVES WHOLESOME ADVICE TO PUBLIC MEN ON THE TRUSTS

### Deals With the Insurance Scandals Now National Topic.

Milwaukee, July 20.—Justice David J. Brewer, of the United States supreme court, delivered a short address before a large assemblage of life insurance agents in the Masonic building in this city. He devoted most of his talk to modern graft, and praised President Roosevelt in his efforts to make public affairs pure and honest. This has been a year which may be characterized as one of great insurance upheaval, he said. The press has been full of startling allegations in respect to the manner in which some insurance business has been conducted. The result has been prejudicial to the interest of a certain company, and also to the interests and business of others. He believed there would result great benefit to insurance business throughout the world. There is a prayer of this kind: "Help us, O Lord, to do all things with an eye single to thy glory."

ness throughout the world. There is a prayer of this kind: "Help us, O Lord, to do all things with an eye single to thy glory."

**Gives the Modus Operandi.**  
"Every one charged with a trust," he said, "should have an eye single to that trust. The moment private pecuniary gain is sought through the advantage of that trust some one is guilty of grafting. For instance, trust funds are the funds of this insurance company, and this and that bank and this and that trust company. We will take these trust funds, put our assets in their place, and let the insurance company carry them until we can sell them with a profit. The company takes a risk of carrying them until such time as they can sell the assets; the insurance company may be able to pay its interests in full as it had been doing theretofore, but the men who have done this have not fulfilled their trust with an eye single to the company's benefit."

**Plan for the Equitable Life.**  
New York, July 20.—Expressing the belief that the present trustee arrangement for control of the Equitable Life Assurance society may satisfy only temporarily either the policyholders or the public, and that a real solution of the difficulties has not been reached, George Westinghouse has suggested a new plan for stock control of the society by 5,000 policyholders. Westinghouse's plan is outlined in a letter to Paul D. Cravath, an attorney of this city, dated June 21 and made public now.

**The Westinghouse Proposition.**  
The proposition is: "That all shareholders be invited to place their shares with those of Mr. Ryan into the hands of the trustees, with power to vote for an amendment to the charter providing that the stock shall consist of 5,000 shares of \$20 each, instead of 1,000 shares at \$100 each. That no person except a policyholder shall be a director. That only one share shall be held by any one person, who must be a policyholder. That at each annual election seven policyholders who have not previously served shall be chosen. That the trustees be directed and empowered to offer for sale at \$1,000 a share the 5,000 shares contemplated by the amended charter to the 5,000 largest policyholders and if any such offer is not accepted to continue to offer said shares to the next largest policyholders until the whole 5,000 shall have been sold."

**Advantages of the Scheme.**  
In his letter Westinghouse said: "I believe the foregoing plan would result in the selection of 5,000 of the most influential policyholders as candidates for the position of directors and would tend greatly to strengthen the society in the estimation of the public. These 5,000 policyholders undoubtedly would be recognized as important men of affairs and would obviously represent a large amount of the outstanding policies of the society. The plan, while providing for the retention of experienced directors, will also assure seven new directors each year."

## COTTON LEAK WILL CAUSE A CLEANING OF THE BUREAU

Washington, July 20.—Assistant Secretary of Agriculture Willett N. Hays has taken hold of the affairs of the bureau of statistics, with instructions from Secretary Wilson, approved by President Roosevelt, to cleanse the bureau of the stigma left by the cotton leak scandal. His authority is unlimited. He has been told that he may have whatever clerical force he needs, and if there are any employees whose services he thinks should be dispensed with, they will be discharged.

It is regarded as extremely likely that there will be a complete reorganization of the force employed in the statistical department. Secretary Wilson said that hereafter if there are accusations against the integrity of the bureau, it must be directed against himself or Assistant Secretary Hays, as he has no intention of allowing any other person access to information that might be used in stock jobbing.

Because a ship runs aground it is not to be inferred that it is a worthless ship; nor, in all cases, that the man at the wheel is an incompetent. In most instances a tug boat will find deep water for the grounded vessel. Because a business venture "runs aground" it is not to be inferred that it is a worthless venture; nor that its manager is wholly incompetent. A want ad. will usually bring the financial assistance needed to pull a grounded business venture into safe waters again.

## TONS OF MEAT AND BREAD CONSUMED BY STATE TROOP

**3,000 Loaves of Bread Used in Week at Camp Douglas--Fond du Lac Men Crack Shots**

(Tribune Special Dispatch.)

CAMP DOUGLAS, Wis., July 20.—A great warrior once said that "a regiment marches and fights on its stomach," meaning that the efficiency of soldiers is in direct ratio to conditions as to food. Perhaps this explains why the Wisconsin National Guard is efficient. It certainly is well fed.

It takes a lot of food to appease the appetites of a hungry regiment, and the commissary officers at Camp Douglas have their work cut out for them—and do it well. The amount of food consumed by a regiment in its seven day tour of duty in camp is as follows, the ration being in character and quantity exactly the same as in the regular army, with the addition of butter and milk:

|   |       |
|---|-------|
| Fresh meat (being beef, mutton, etc.), pounds | 3,700 |
| Bacon, pounds                                 | 570   |

## INVESTIGATES AFFAIRS OF "TOWN TOPICS"

NEW YORK, July 20.—An investigation of the affairs of Town Topics, growing out of the arrest of Charles H. Ahle on the charges of blackmail preferred by Edwin M. Post of the New York stock exchange, was begun today by Assistant District Attorney Paul Krotel. Mr. Krotel declined to say anything about his investigation, but it was intimated that the matter will be brought to the attention

of the grand jury. It is known that counsel for Town Topics refused to furnish the assistant district attorney with a list of subscribers to the book, "Fads and Fancies of the Four Hundred," published under the auspices of the Town Topics company.

Moses Ellis Wooster, member of the Society Editor's association, who got up "Fads and Fancies" and also "American Smart Set," called on Mr. Krotel and furnished the criminal authorities with a copy of the much talked of agreement between the Town Topics Publishing company and himself.

The agreement shows that Wooster engaged to secure subscribers to "Fads and Fancies," all subscription contracts to be in the name of Town

company was to secure an editor and have full supervision of printing and binding, and that Wooster was to receive commissions of 10 per cent on subscriptions up to \$50,000 and 20 per cent on all in excess of that amount, the net profit to be equally divided between the parties thereto.

Wooster further told Mr. Krotel that there was no fixed price for subscriptions to the book. He also declared that the subscription of a woman prominent in society cost her \$10,000, and that, while the minimum rate was \$1,500, some subscribers had paid \$3,000 and others as high as \$7,000 for their books.

This increased the amount obtained for the productions of "Fads and Fancies" from \$150,000 to more than \$200,000.

## AUTOIST KILLED BY OWN RECKLESSNESS.

SUPERIOR, Wis., July 20.—As a result of relentless speeding in an automobile one man was killed and another injured here yesterday. The automobile contained a party of three from Duluth, consisting of J. P. Morrow, a well known attorney; T. A. Rubrecht, a prominent lumberman, and a third man whose identity has not been established, as he escaped injury and immediately disappeared. Morrow was driving the machine at high speed, swinging back and forth across Tower avenue. At the intersection of Belknap street, the machine, in making a sharp curve, upset and he was pinioned beneath it. He died within a few minutes. Rubrecht's injuries are not thought to be serious.

## LOOKS IN MADISON FOR MISSING WIFE.

MADISON, Wis., July 20.—W. F. Port of Evansville was here yesterday looking for his wife who disappeared with her 1 year old child. It is believed that she was seen in Madison that night. The police are searching for her. Mr. Port is a blacksmith at Evansville. Mrs. Port can not be located here.

## Farmers Who Vend Garden Stuff Are Not Peddlers.

Farmers who distribute their own produce from house to house are not peddlers and hawkers and do not come within the provision of the peddlers and hawkers' law as enacted at the last session of the legislature. This is the decision in brief, as rendered to day in an unofficial opinion by the attorney general. In rendering his opinion the attorney general quotes with approval the language of a high court, to the effect that farmers do not come within the mischief which a peddler's license law is design to correct, except that they are the victims of this mischief. The opinion is in part:

## BISHOP SCHWEBACH WILL TALK ON MILWAUKEE DIST.

**Bishop of La Crosse Diocese on Program Marking Retirement of Vicar General of the Milwaukee Diocese.**

More than \$2,000 will be in the purse which is being made up by Catholic priests as a present to the Rev. A. F. Schinner, retiring vicar general of the archdiocese of Milwaukee, and newly appointed bishop of Superior.

This purse will be given to Bishop Schinner on the afternoon of July 25, the day of his consecration at St. John's cathedral. Dinner will be served on that day at St. Francis seminary at 2 o'clock. Several speeches have been prepared for the occasion. Last on the program is the speech of presentation by the Rev. J. J. Keogh. Plans were made for collecting the

money on Memorial day. It is thought the subscription may even reach \$3,000.

Archbishop S. G. Messmer will talk on "The Holy Father"; Bishop J. J. Fox, Green Bay, on "Our Country"; Bishop James Schwebach, La Crosse, on "The Province of Milwaukee," and the Rev. Charles Weber, Superior, on "The Diocese of Superior." Other bishops who are expected to be present are Bishop Frederick Eis, Marquette, Mich.; Archbishop Syman, the visitor from Rome; Bishop Trobec, Cloud, Minn.; Bishop Shanley, Fargo, N. D.; Bishop J. P. Muldoon and Bishop James Quigley, Chicago.

court of the state of Pennsylvania that farmers who sell products raised on their own farm by driving through the streets of the city and stopping at such times and places as their business and customers require are not hawkers and peddlers within the meaning of an ordinance requiring a license for hawking and peddling."

## Caledonia Largest Town on Branch

Caledonia now enjoys the distinction of being the largest town on the Reno-Preston Branch, generally known as the Preston Branch of the Milwaukee system of railroads. In 1900 the population of Preston was 1278 and that of Caledonia 1175. Now the population of Preston is 1320 and that of Caledonia 1405. In five years the population of Preston has increased a trifle over 3 per cent while that of Caledonia has increased over 19½ per cent.

## HEAT KILLS TWO AT JANESVILLE

JANESVILLE, Wis., July 20.—Charles H. Stoller, a prominent stock buyer, died suddenly morning while reading a paper on his front porch. Mr. Stoller was overcome by the heat last Saturday, but thought to be recovering when he died today. John Connell was also stricken down last week on Friday and died last evening. The average temperature for the last five days has been 96 and yesterday afternoon at 3 o'clock it was 97 by the government thermometer.

**TWO PROSTRATED.** KENOSHA, Wis., July 20.—Two more prostrations from the heat were reported in Kenosha yesterday, the victims being John Hotchkiss and A. C. Kunnison. Neither case will result fatally. Both men were employed in factories.

**ONE DEAD AT RACINE.** RACINE, Wis., July 20.—One death and one case of prostration from the excessive heat was reported yesterday. Chris Sorensen, 52 years old, employed on the farm of Elmer Gifford, four miles northwest of the city, sustained a sunstroke and expired early yesterday morning. Anton Jensen, employed by the Mitchell Motor company, was prostrated and removed to his home. His condition is precarious. Nels Johnson, prostrated on Monday, is not expected to live. The mercury hovered around 90.

"Don't cry over spilled milk" was our earliest lesson in stoicism. For instance: If the house you have "had your eye on" was sold yesterday to your neighbor—simply because you had not been reading the real estate ads. lately, and didn't know it was for sale—let the incident instruct you, but not depress you.
